<p><b>PREVENT CRASHES</b></p> <p>Drivers and cyclists can avoid the following situations. As a driver, don't underestimate the speed of your bike, and keep an eye out for cyclists in the right side of the road.</p>	<p><b>HOW TO PASS A CYCLIST</b></p> <p>4 ft</p> <ul style="list-style-type: none"> <li>▶ Cars: Allow 4 feet</li> <li>▶ Trucks/buses: Allow 6-8 feet</li> <li>▶ All vehicles: Slow down, switch lanes</li> </ul> <p>No room? Wait and don't pass!</p>	<p><b>BIKES ARE VEHICLES</b></p> <p>Cyclists have the same rights and responsibilities as motorists!</p>	<p><b>BIKES MAY USE THE FULL LANE</b></p> <p>It's the law.</p> <p>Did you know? CYCLISTS MAY RIDE IN THE CENTER OF THE LANE. The second lane from the left, usually 8' wide, is used to ride along the right-hand curb, including situations where the driver lane is an emergency stop lane and motor vehicles do travel safely side by side. 1993 HRS, §19.</p> <p>LEARN MORE AT <a href="http://HBL.ORG/2014LAWS">HBL.ORG/2014LAWS</a></p>
